Summer Assistantships Greater than 50%

The maximum Assistantship appointment for Fall, Winter, and Spring Quarters is 50%. Assistantships greater than 50% are allowed during Summer Quarter only, up to a maximum Assistantship of 90%.

Eligibility for Assistantships during Summer Quarter is no different than for other quarters, except that the enrollment requirement (minimum of 8 units enrollment) becomes 1 unit in the Summer Quarter.

* Similar to a 40% Assistantship, a 60% Summer Assistantship TAL does not equate to a tuition charge.

Tuition Allowance for Assistantships greater than 50% and up to 90% will decrease proportionately as the Assistantship increases.

Wherever possible, Summer Assistantships of over 50% should be established as a single Assistantship, rather than a combination of smaller Assistantships so the TAL is calculated correctly.

Regardless of the % of appointment, when a student has TGR status the assistantship always provides TAL at the TGR rate.

¹ Graduate Standard Tuition applies to graduate programs in the Schools of Earth, Energy & Environmental Sciences; Education; Humanities & Sciences; PhD and MS programs in the School of Medicine (except Bioengineering); and PhD programs in the School of Business.

² The MD, MBA and all Law programs begin charging full tuition at 8 units. A 50% Assistantship earns the dollar equivalent of one unit of tuition times 10. The maximum Assistantship for MBA students is 25%.

³ MD students may elect a Medical Research Rate for quarters in which they devote their effort exclusively to research.
